Our Honourable and Distinguished Overseas and Local

And My Dear Fellow Colleagues,

A Very Good Evening to All of You!

I would like to thank and welcome our Guest of
Honour, YB Dato Sri Wong Soon Koh for being here
with us tonight despite his demanding schedule. We all
know how tremendously busy our YB Dato Sri has been
lately.

Ladies and Gentlemen,

Tonight, we celebrate our company's 35th Anniversary with hearts filled with joy, enthusiasm and gratitude. We are blessed to have the opportunity to celebrate 35 years of milestones. However, we certainly did not achieve this alone.

First, a heartfelt thank you to all our business associates, partners and friends. I am humbled to see many of you who flew in especially to be with us tonight. Your trust and support towards the Rimbunan Hijau Group all these years is deeply appreciated.

Next and no less important, I would like to pay tribute to all the employees of the Rimbunan Hijau Group who have stood steadfastly by the Company in the past 35 years. Through your hard work and contributions, you have helped the Company reached to where we are today. Tonight is your night as much as it is the Company's.

Most importantly, I am grateful to Almighty God for His grace, guidance and especially His abundant blessings on our companies all these years.

The Rimbunan Hijau Group's 35 years journey in life has been full of twists and turns, frustrations and setbacks. However, I have never considered it to be the biggest obstacles as I head towards my goal. In fact, a person's will and determination is the key to success or failure. Regardless of how rugged and rough the road may be, if there is a will, there is a way.

We need to maintain a positive outlook in life no matter how heavy our burden is. Therefore, be it living or working, they are all part of the coaching and learning process in life. A person who can endure setbacks and withstand the pressure will possess superior judgment and be absolutely fearless.

Today's idleness could most probably be tomorrow's pitfalls of success. If there are some achievements I have attained in my life, then I would have to be thankful for the sufferings and hardships that I had undergone in the past. I know I could never finish the things that I wish to do.

In life, the more setbacks we faced, the more we need to compose ourselves and make an all-out attempt to face the challenges because this is a commitment, a duty and a trial. We must always progress in life.

Tomorrow is the voting day for Sibú's parliamentary by-election. On this important day which concerns the future development of our nation and the future prospects of our Sibú community, I earnestly appeal to all of you to give your support to our Prime Minister's government.

In a short span of one year, our Prime Minister has already demonstrated his efforts to deliver new visions

and objectives to our nation and our people, selflessly and dauntlessly. Given more time, I am confident that our Prime Minister will be able to carry out his plans for the betterment of our country and the welfare of its rakyat.

The political wisdom and courage demonstrated by our Prime Minister in his effort to break the barriers and the tactfulness used in tackling the religious issues and racial differences are worthy of our respect and support. Our Prime Minister's caring, open-minded and impartial actions have recorded a touching and moving page in the history of Malaysia.

Transformation is the last resort and egress for the development of a nation. Our Prime Minister implemented the "One Malaysia" concept with the aim to reinforce unity in our multi cultural country. The determination of our Prime Minister to transform and change the future of our nation for the better; to push forward economic transformation, introducing new ideology has already brought positive changes to our people.

Therefore, for our Prime Minister to execute his “People’s First, Performance Now” policy successfully, it is our duty to stand by him. The success of our Prime Minister in transforming and changing the nation is derived from the support and blessings of his rakyat.

Therefore, I ask of you, the Sibü constituency, to use your votes wisely.

A vote for PM is a vote for Barisan Nasional, is a vote for 1 MALAYSIA!

Have a wonderful evening.

Thank you
